MEMBER INFORMATION

First Name/Organization **Last Name**

Account # **Address**

City **State** **Zip Code** **Phone**

Email **Date**

Email addresses will be used for cooperative communication only

ELIGIBILITY CRITERIA & REQUIRED INFORMATION:

To qualify for this program's **\$500 incentive**, ONE of the following four Program/Code requirements must be met:

1. ElectricSense® New Home Program

- A qualified rater or inspector* must verify all the requirements on this form & the checklist have been met, unless not applicable. Please submit both.

2. ElectricSense® New Home Program with blower door test in place of Ductwork & Air Infiltration Control requirements

- A qualified rater or inspector* must verify all requirements on this form & the checklist have been met, unless not applicable.
- A blower door test is required in place of the Ductwork & Air Infiltration Control requirements. Less than 3 air exchanges/hour at -50 Pascal is considered passing. Person performing the test must complete that section of this incentive form.

3. 2012 International Energy Conservation Code

- A qualified rater or inspector* must provide documentation showing compliance with IECC 2015 using REScheck software.
- A blower door test is required. Less than 3 air exchanges/hour at -50 Pascal is considered passing. Person performing the test must complete that section of this incentive form.
- Submit documentation showing compliance with IECC 2012.

4. Focus On Energy® New Homes Program

- A Wisconsin-built home must meet the energy efficiency requirements of Focus On Energy® New Homes Program.
- Submit documentation showing compliance with Focus On Energy® New Homes Program & this incentive form.

*A qualified rater or inspector refers to a person who is knowledgeable in building standards, has experience in using blower door test equipment, if blower door test is performed, and is approved by your electric cooperative.

- New home or multi-family dwelling must be on cooperative's lines.
- For multi-family dwellings, each structure may receive only one \$500 incentive. The incentive requestor must be the owner of the structure and a member of the cooperative.
- Incentives are in place through December 12, 2025. Funds are limited so submit required documentation as soon as possible.
- Required documentation must be submitted within 3 months of certification.
- The incentive for qualifying rebates will appear as a **bill credit** unless the incentive is greater than \$200 in which case a check may be issued.

RATOR/INSPECTOR VERIFICATION

PLEASE FILL IN REQUIRED INFORMATION

By signing this form, the rater or inspector certifies that the home has met:

All requirements on the checklist, if member is qualifying with ElectricSense® New Home Program OR with ElectricSense® New Home Program less the Ductwork & Air Infiltration Control requirements. NOTE: Ductwork & Air Infiltration Control requirements can be marked Not Applicable as a blower door test is being done instead.
