Barron Electric Cooperative, or a contractor working for the Cooperative, may be excavating or installing poles and/or anchors on your property in order to install your electric service line. To avoid damage to any private facilities (i.e., underground tanks, lighting, sewer, well, sprinkler, water, etc.) by Barron Electric, you are responsible for clearly and accurately identifying all private underground facilities with paint, stakes, or physically exposing such facilities. A BEC representative must be informed of all private underground facilities and proposed construction sites at the time of application.

I, the undersigned, agree to hold harmless Barron Electric Cooperative (and/or its contractor) for any damage to any private underground facilities as a result of a lack of identification or improper identification. The cost of any repairs to damaged private underground facilities and any additional expenses due to known or unknown private facilities will be my responsibility. I also acknowledge that ground disturbance is likely to occur as a result of the requested excavation. Crews representing the Cooperative will make an effort to perform ground restoration with materials available on site; however, I agree it is my responsibility to complete further restoration if so desired.

I, the undersigned, agree to hold harmless Barron Electric Cooperative (and/or its contractor) for any damages incurred to above-named property as a result of cutting and/or trimming trees.

I certify that I own, or am the authorized representative of the owner of the property, of the address(es) listed above, and that I have read and understood the above statements.

(Only one owner's signature required)

Date

If unable to meet on site, please sketch proposed route, meter location, building site, septic system, deck, and detached future buildings.

Please choose your meter location carefully. There will be a charge for relocating your meter and/or service. All service fees are due and payable prior to installation.
